NEWS BY TO-DAY'S MAIL.

The U. S. consul at Gibraltar reports that the cholera has entirely disappeared from that place. Our consul at Malta, under date of October 31, states that two thousand deaths had occurred at Malta and Gozo.

An order has been issued from the War Department calling upon all claimants of the reward for the capture of Booth or any of his co-conspirators to file their proofs with the Attorney General, for adjudication by the Special Commission appointed for that purpose. The rewards offered for the capture of Jacob Thompson, Beverly, Tucker George N. Saunders, William G. Cleary, and John H. Surratt are revoked.

From El Paso, Mexico, the seat of President Jurez's Government, correspondence to the 20th of October has been received. The President and all his Cabinet were still there at that time; but it was thought possible that they might soon remove to a more favorable locality, as the reports of an intended movement on the place by the Imperialists continued to prevail.

The release on parole of Mr. Seddon, formerly Confederate Secretary of War, and Mr. Magrath, ex-Governor of South Carolina, both lately confined in Fort Pulaski, and ex-Gov. Lubbock, of Texas, recently an inmate of Fort Delaware, is announced.

The Supreme Council of Masons, assembled in Charleston last week. Albert Pike, of Arkansas, presided as Grand Commander. This meeting of Masons did much work; their meetings having been suspended during the war. The Council adjourned on Saturday night, to reassemble on the third Monday of next March in Washington.

Cassius M. Clay, minister to Russia, writes to the Secretary of State that notwithstanding the denials made by the Russian authorities, the cattle plague does exist in that country, and is making fearful havoc. Cattle perish by hundreds, and sheep by thousands, and the disease that carries them off is entirely unknown.

Gov. Humphreys, of Mississippi, sends a message to the Legislature recommending that negro testimony be admitted into the courts, and the freedmen be encouraged to support their families, with assurance of protection.

An agent from French commercial houses has reached New Orleans, and announces to the planters of Louisiana that he is authorized to contract for the emigration of laborers from India and China.

Active measures have been adopted at Nashville and other places in Tennessee, for the suppression of crime and the punishment of the robbers and murderers who infest the country.

A destructive fire occurred at Blissville, L. I., on Thursday last, involving a heavy loss of property, and throwing out of employment some two or three hundred men.

The Secretary of the Treasury received during the year ending July 1st, "donations money" to the amount of \$30,870, in sums from fifty cents to five hundred dollars.

The peanut crop in North Carolina this year is less than one eighth as large as was usual before the war.

A New Bedford paper publishes a list of forty-six American whaling vessels destroyed during the war. Their value is estimated at \$1,150,000.

The Italian Minister has declined to act as umpire for the Commission for the settlement of claims between the Governments of New Granada and the United States, growing out of the Panama riots in 1856, and Sir Frederic Bruce has been selected in his place, and has consented to act. Many interesting questions on international law will come before the Commission.

A large number of negroes, formerly belonging to planters in St. Mary's county, Maryland, but who left their homes during the third year of the war and went to Norfolk to enjoy their freedom, have returned recently to the county in a destitute and suffering condition. The greater portion of them are aged and infirm negroes and children of both sexes. They are now cast upon the benevolence of those whom they deserted, but who are not able to render them the assistance they require.

The men concerned in the kidnapping of Mr. George N. Sanders, have been admitted to bail by Judge Badgely, of Montreal.
